the latest advances in science were fully exploited in the second world war they included radar sonar improved radio methods of reducing disease primitive computers the new science of operational research and finally the atomic bomb necessarily developed like all wartime technology in a remarkably short time such progress would have been impossible without the cooperation of allied scientists with the military the axis powers failure to recognise this was a major factor in their defeat

although various arguments for integrated learning of mathematics and science exist empirical evidence that integrated learning is as beneficial as anticipated is limited therefore this quasi experimental study investigates the effect of integrated learning of mathematics and science on eight student variables by comparing it to a control group results show that integrated learning is no miracle cure but has positive and negative effects on specific student outcomes whereas integrated learning effects students view of the relation between mathematics and science positively it effects students scientific self concept negatively thus integrated learning should not substitute but rather complement disciplinary learning obwohl zahlreiche argumente für das integrierte lernen von mathematik und naturwissenschaften existieren ist die vorteilhafte wirkung integrierten lernens begrenzt empirisch belegt im rahmen dieser quasi experimentellen studie wird der effekt integrierten lernens auf acht schülervariablen durch vergleiche mit einer kontrollgruppe untersucht die ergebnisse zeigen dass integriertes lernen kein allheilmittel ist sondern positive und negative effekte auf bestimmte schülervariablen hat während integriertes lernen die sicht der schülerinnen und schüler auf die beziehung zwischen mathematik und naturwissenschaften positiv beeinflusst hat es einen negativen effekt auf das

naturwissenschaftliche Selbstkonzept daher sollte integriertes Lernen nicht stellvertretend sondern ergänzend zu disziplinärem Lernen implementiert werden
